Publishers Note, Explanations, Etc.

In presenting this number of *Killinger's Guide*, the publishers find much pleasure in the fact that over seventy years of existence, a personal knowledge of the territory covered; an acquaintance with the people and their needs; and a knowledge of the facts, all contained with accuracy and industry, could not compile from original sources.

While this Guide seems smaller than last year, due to the use of a better quality of paper, which is more durable at any price, it is really several pages larger — Newfoundland and Hawaii have been added. A few words of change have been made, due to the unparalleled conditions with which the country is now confronted.

Your unvarying, unimpaired endorsement of post issues—covering more than a half-century—has placed it here to radiate the good problem the Guide has always enjoyed, and its universal acceptance is among one hundred percent accurate than any guide anywhere at any price. Its accuracy is not to be compared with others that are made after the Guide is found, or the available typographical errors that are inevitable in a compilation involving a flow of letters and figures.

Attention is invited to the unique and original compilation of the collected copy and the list of items sold in Steamboat Market. There is nothing in the world like this list; and our friends are urged to give the advantage of their local knowledge on these more or less consistent earnings—report new or different items, and send in changes of any kind that will make the list more valuable.

We bespeak your continued co-operation as published partners in favor of us with optimism, confidence and enthusiasm; and a prompt report of your co-operation, as published partners, is invaluable in making the Guide satisfactory to you; and a prompt report of your co-operation is appreciated courtesy, as we aim to have every business man in North America refer to the Guide, and mine acquaintance." "A careful perusal of the characteristics of the boys will be of great acquaintance; therefore, please read carefully the following:

Explanations:

In the alphabetically arranged list, on pages 177 to 190, will be found the names of all the Post Offices and all the Railroad Stations in the UNITED STATES, and from pages 1105 to 1210 the same information about the DOMINION OF CANADA and NEW FOUNDLAND.

The list should be read and used as follows:

Names printed in Roman type (as "Charles, Warren, Iowa," page 305) are Post Office, "R D" or Stations of Post Offices, or "R D" places.

"R D" — these initials are used to designate places that were once independent Post Offices but are now reached by "Rural Delivery" service from the Post Office nearest each place. The explanation will be found in Note 9, on page 13. Mail matter for these places should include the name of the Post Office from which the Rural Delivery is made; for instance, matter for R D Marietta, Greenville, S. C. (see page 20), should be addressed "Care, R D Marietta, Greenville, S. C."

[illegible]

The number to the right of the number line is $10 + 10 = 20$.

^a The values are calculated from the following equation: $\text{C}_{\text{eff}} = \frac{\text{C}_0}{1 + k_{\text{d}} t}$, where C_0 is the initial concentration of the adsorbate, k_d is the desorption rate constant, and t is time.

1. *Journal of the American Medical Association*, 1990; 263: 1025-1028.

The numbers and names placed opposite every place in second and fifth columns indicate the line of Steamboat or Steamship Line (see List of Railroads, Steamboats, etc., on pages 33 to 137) on which the place, or the nearest communicating point, is located, as

"Aaron, RD. Bendigo, S. A. (page 177), the nearest communicating point is "1972-1973" which numbers, as will be found by reference to pages 119-120, are Steamboats on the Ohio River.

"Alma, (ch.), Vermilion, La." (page 177), is a Railroad Station (and Post Office) on Railroad No. 1971-1972, which is (page 89) the Iberia & Vermilion Ry. Branch of the Morgans Louisiana & T. R.R. and Louisiana Western R.R. Division of Southern P. & O. Co.

"Carson Lake, St. Louis, Minn." (page 308), the nearest Railroad Station is "Hibbing," which is shown as a junction point, on No. 330, Main Line of Duluth, Missabe & Northern Ry. (page 50), on No. 464, Third District of Mesabi Division, Great Northern Ry. (page 60).

"Airmo, Cataboula, La." (page 183), the nearest point is "Harrisonburg, 1814"; No. 1814 is a Steamboat Line (see pages 117-118), and the nearest Railroad point will be found, by reference to "Harrisonburg, Cataboula, La." on page 532, to be "Sally Island" on Railroad No. 1814. There are four places called "Cold Spring" in Pennsylvania (see page 344), and also Towns of the same name in New York (see page 344); only one of these names in each State is a Post Office, as the Post Office Department allows the same name to be applied to one Post Office only in each State.

"Coldwater, Santa Rosa, Fla." (page 344), is a Station on Railroad No. 1208, (page 102) Florida Alabama R. R., which is a private railroad, not subject to the rules of a "common carrier."

"East Oak Island, Essex, N. J." (page 417), is a Station on Railroad No. 1299, (page 194), Atlantic Port Ry. which is a Terminal Railway at Port Newark Terminal, N. J. and not a "common carrier."

CAUTION. — If you do not find the place for which you are looking, try some other way of spelling the name, and look again. If you are looking for a Railroad Station, and do not find it, add the word *Station*, *Station*, or *Station* to the name, and try again.

Telegraph Offices.

The X indicates that a telegraph message can be sent to the place in the first column of the list which it is placed, either by Telegram direct to the place, or by telephone or messenger or communication from some adjacent telegraph office. It will be noticed that the Telegraph Companies only use the "Post Office" name of a place, without regard to whether the Post Office name is the same or not. We were instructed to report "Bridgewater, Arcostock, Me.," as a Telegraph Station, but not to report "Bridgewater Center," which is the same place.

Transportation and Commercial Printing is as varied as the people who order it. Some persons are seemingly satisfied with any old thing; others quite properly demand accuracy, service, proper material and workmanship.

Rand Avery Supply Co. of Boston

one of the largest and oldest printing concerns in America, enjoys an enviable reputation with people who do things and want them when they are promised. The Company has never permitted outside management; it works with and for its patrons -- independent -- reliable -- responsible.

Canadian National Railways

REGULAR FREIGHT SERVICES

From Montreal, Que., in Summer

From St. John, N. B., and Halifax, N. S., in Winter

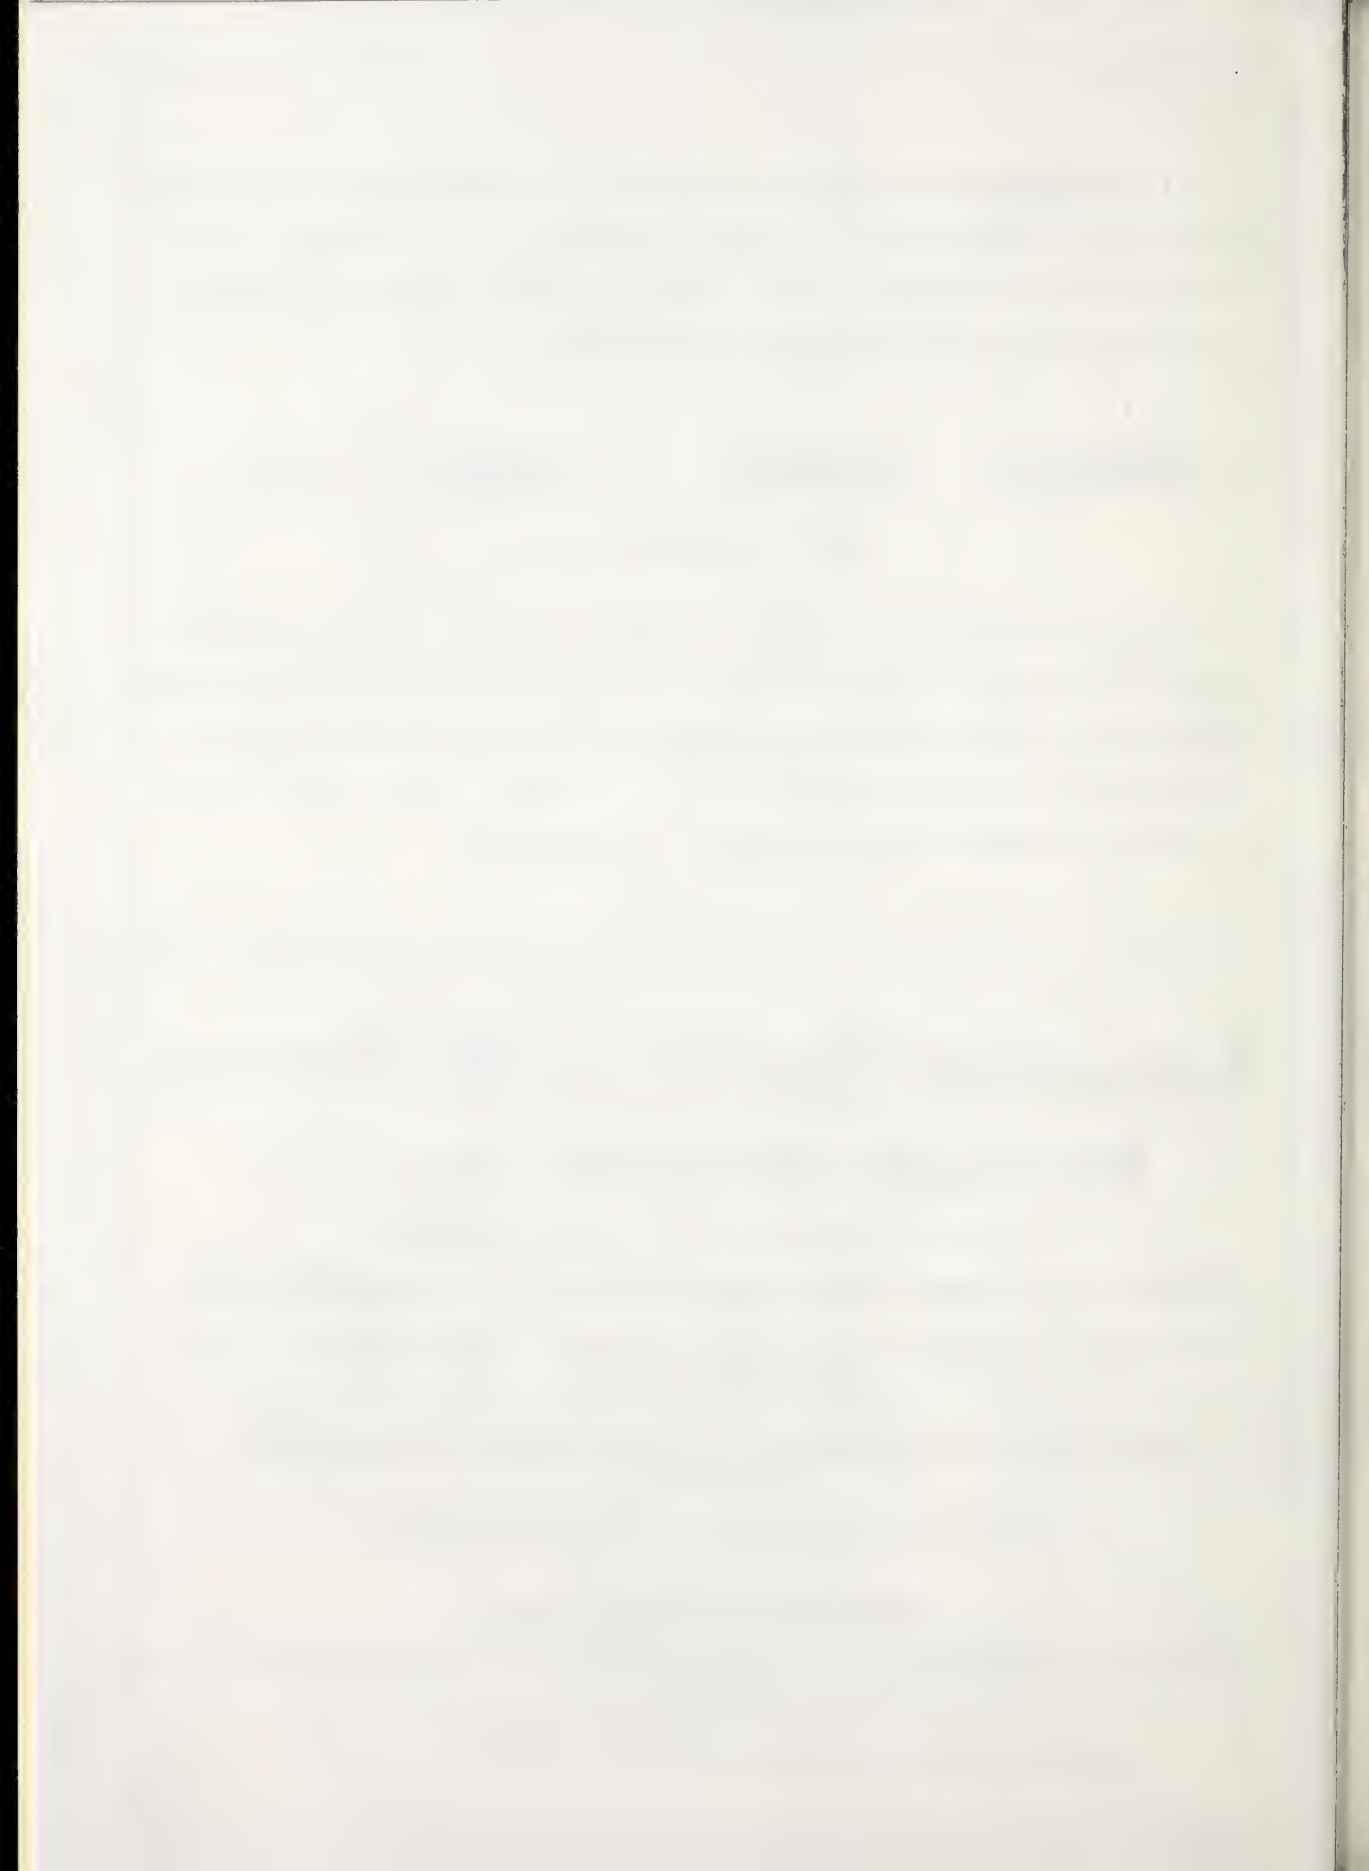

To St. Johns, Newfoundland, the United Kingdom, Liverpool, London, Glasgow, Cardiff, Swansea, etc.

To British West Indies and Demerara, Santiago, Cuba and Jamaica, Brazil and River Plate.

To India, Straits Settlements and Dutch East Indies.

From Vancouver, B. C.

To Australia and New Zealand. To China and Japan. To Straits Settlements, Java and India.

To Ship by Express.

In the Third and Sixth columns of each page from 117 to 1240 is given the name of the Express Company which will make deliveries at that place or at the nearest communicating place.

Express Companies do not have an Agent or Office at Every Place named in this Guide. The name of the company given at any place merely signifies the company through which shipments will reach the place. There may be an Agent or Office of the Express at the place, or the nearest Agent or Office may be some distance from the destination.

At places reached by Railroads, Steamboat Lines, &c., over which the Express business is done, the Railroad or Steamboat Line, the name of the Express Company that communicates directly with the delivery Line, at the most convenient Junction point, is given, and in such cases the sign **IT** is placed in the Sixth Column, signifying that the Expresses there named are not represented at the point of delivery, and are not responsible in any way for what may be done by the Line or Company that completes the delivery.

When consigned to a place at which the Express Company has no office, shipments must be marked with the name of the express station at which delivery will be accepted, or be marked with forwarding directions to go beyond the Express Company's Line by a carrier other than an Express Company. If not so marked, shipments will be refused.

Shipments consigned to an individual or firm at one express office, and marked in care of an individual or firm at some other express office, must not be accepted.

At points where arrangements have been made by the Express Company with a local carrier for delivery of shipments addressed to points beyond the established Free Delivery Limits, the shipments will be forwarded to consignee's address by such local carrier, or on request of consignee previously given to the agent at destination will be held for delivery and written notice will be given concerning the arrival thereof.

At points where delivery service is not maintained the Agent must at once give consignee notice of arrival, either personally or by mail to the address given on the package. Personal notices must be confirmed by mail.

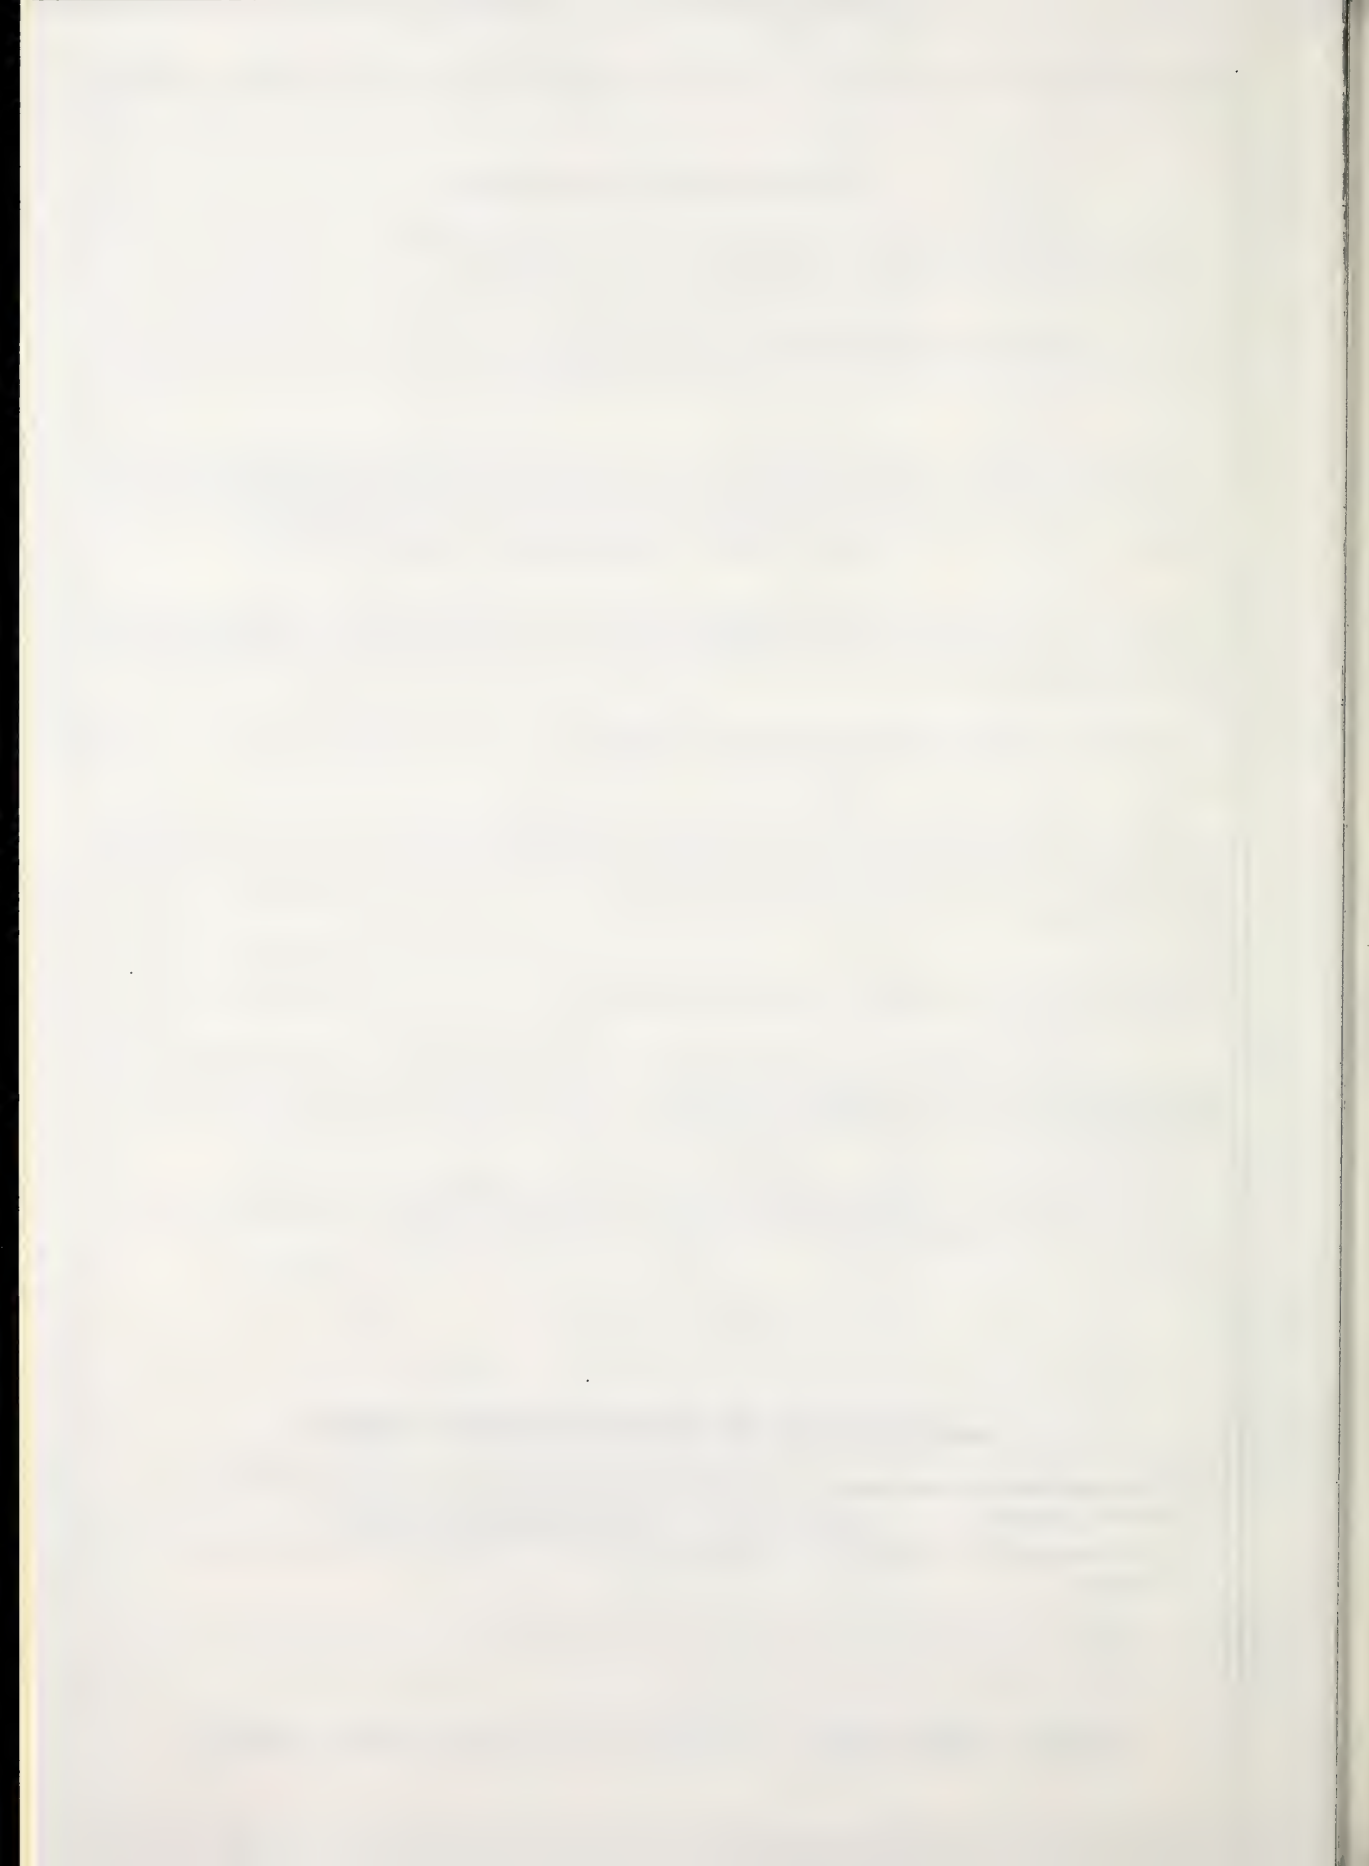

THE AMERICAN RAILWAY EXPRESS COMPANY serves all Transportation Routes formerly operated by Express Companies, namely: Adams, American, Canadian (in part), Great Northern, Northern, Southern (in part), Wells Fargo & Co., and Western (in part), and is the delivering Express to all stations not otherwise indicated in columns 3 and 6.

The American Railway Express, British America, Canadian National, Central Canada, Dominion and Newfoundland Express Companies now operate the Lines in Canada and Newfoundland, as shown in the Third and Sixth Columns of pages 1105 to 1240.

The following articles are among those that may be sent as "Parcel Post."

2% Porto Rico the rate of postage at the same in all respects, and conditions as Domestic Rates, including Money Order, etc., etc. The "Post" except the "War Tax" Stamp; the Porto Rico Parcel Post is paid by the "United States." Mails for Porto Rico are sent by *Great steamer* from New York about twice a week.

[illegible]

7. Forward the names of payees on the same in all respects and conditions as Domestic Rates, including Money Orders and Post Office Notes. The Rate for Parcel Post is that for the "Eight Zone." Mail originates from San Francisco, Seattle or Vancouver, B. C., about twice a week; time to Houston, 6 to 7 days.

To the Philippine Islands and to Tutuila, (Pago Pago), Manua and other parts of Samoa in parcels of the United States registered post are the same as all other, and collections are Domestic Rates, including Manila Orders and the Philippine Agency rate "War Tax" Stamp; the rate for Parcel Post is that for "Mail Matter," and no charge is made for weight over the second pound, from the U. S. Department to the Philippine Postal Department. The limit of weight for parcels sent by Parcel Post is 20 pounds, except to Manila, the limit is 50 pounds, and to Iloilo, Cebu and Zamboanga, the limit is 44 pounds. All the Philippine Islands are directly by the land opportunity from Pacific Cables, except that such addresses are not reported at the Postal Bureau near Manila and Iloilo. Mails are sent about once a week from Manila to Cebu and Zamboanga, via Hong Kong, due in Manila in about 20 to 30 days; also to Victoria, B. C., about every 14 days, by United States Mail Steamer in about 18 days, via Hong Kong, in about 21 days. United States Transports, carrying passengers, go for Manila about once a month, due in Manila in about 27 days. Mails for Samoa leave San Francisco about every 21 days.

T. (Green-Ledroite Islands) rates of postage are the same in all respects and conditions as Domestic Rates, including: 1. The "Letter" and the "Parcel Post" and the "Post Tax" Stamp; the rate for Parcel Post is that for the "Fourth Zone"; 2. The "Postage" for the "Green-Ledroite Islands" by United States Transportation and a month.

7. The "Virgin Islands of the United States," hereinafter known as the United West Indies and comprising the Islands of St. Thomas, St. John, St. Croix, St. John, St. John, and all other Islands, rates of postage are the same in all respects as the United States Postal Rates, including the Parcel Post (except the "War Tax" Stamp); the Rate for the Parcel Post is made by the "Unit of mass." Mails are sent by direct steamer from New York once or twice a week.

The Regular Domestic Rates, Regulations and Conditions apply to all classes of mail to or from any person in the United States or Abroad, by the use of United States Postal Stamps, except as mentioned in the following:

Postage must be fully prepaid; except that letters from persons in the Service in the United States may be mailed by registered mail without prepayment, if endorsed on the envelope by a Commissioned Officer, or by a Surgeon or Chaplain. Postage on all other letters, except those sent by registered mail, single postage will be collected on delivery.

Letters from persons in the Service Abroad may be mailed without prepayment, if the letter in the address contains the name of the Sender, together with the designation of the organization or unit to which it belongs, as follows: Mr. John Doe, Co. C, 10th U. S. Regiment; such letters will be delivered, without charge, in the United States.

Parcel Post: The Regular Domestic Rates and Conditions apply to all addresses in the United States or in territories of the United States, except that parcels cannot be sent C. O. D. to the Navy unless the delivery can be made by a United States mail carrier.

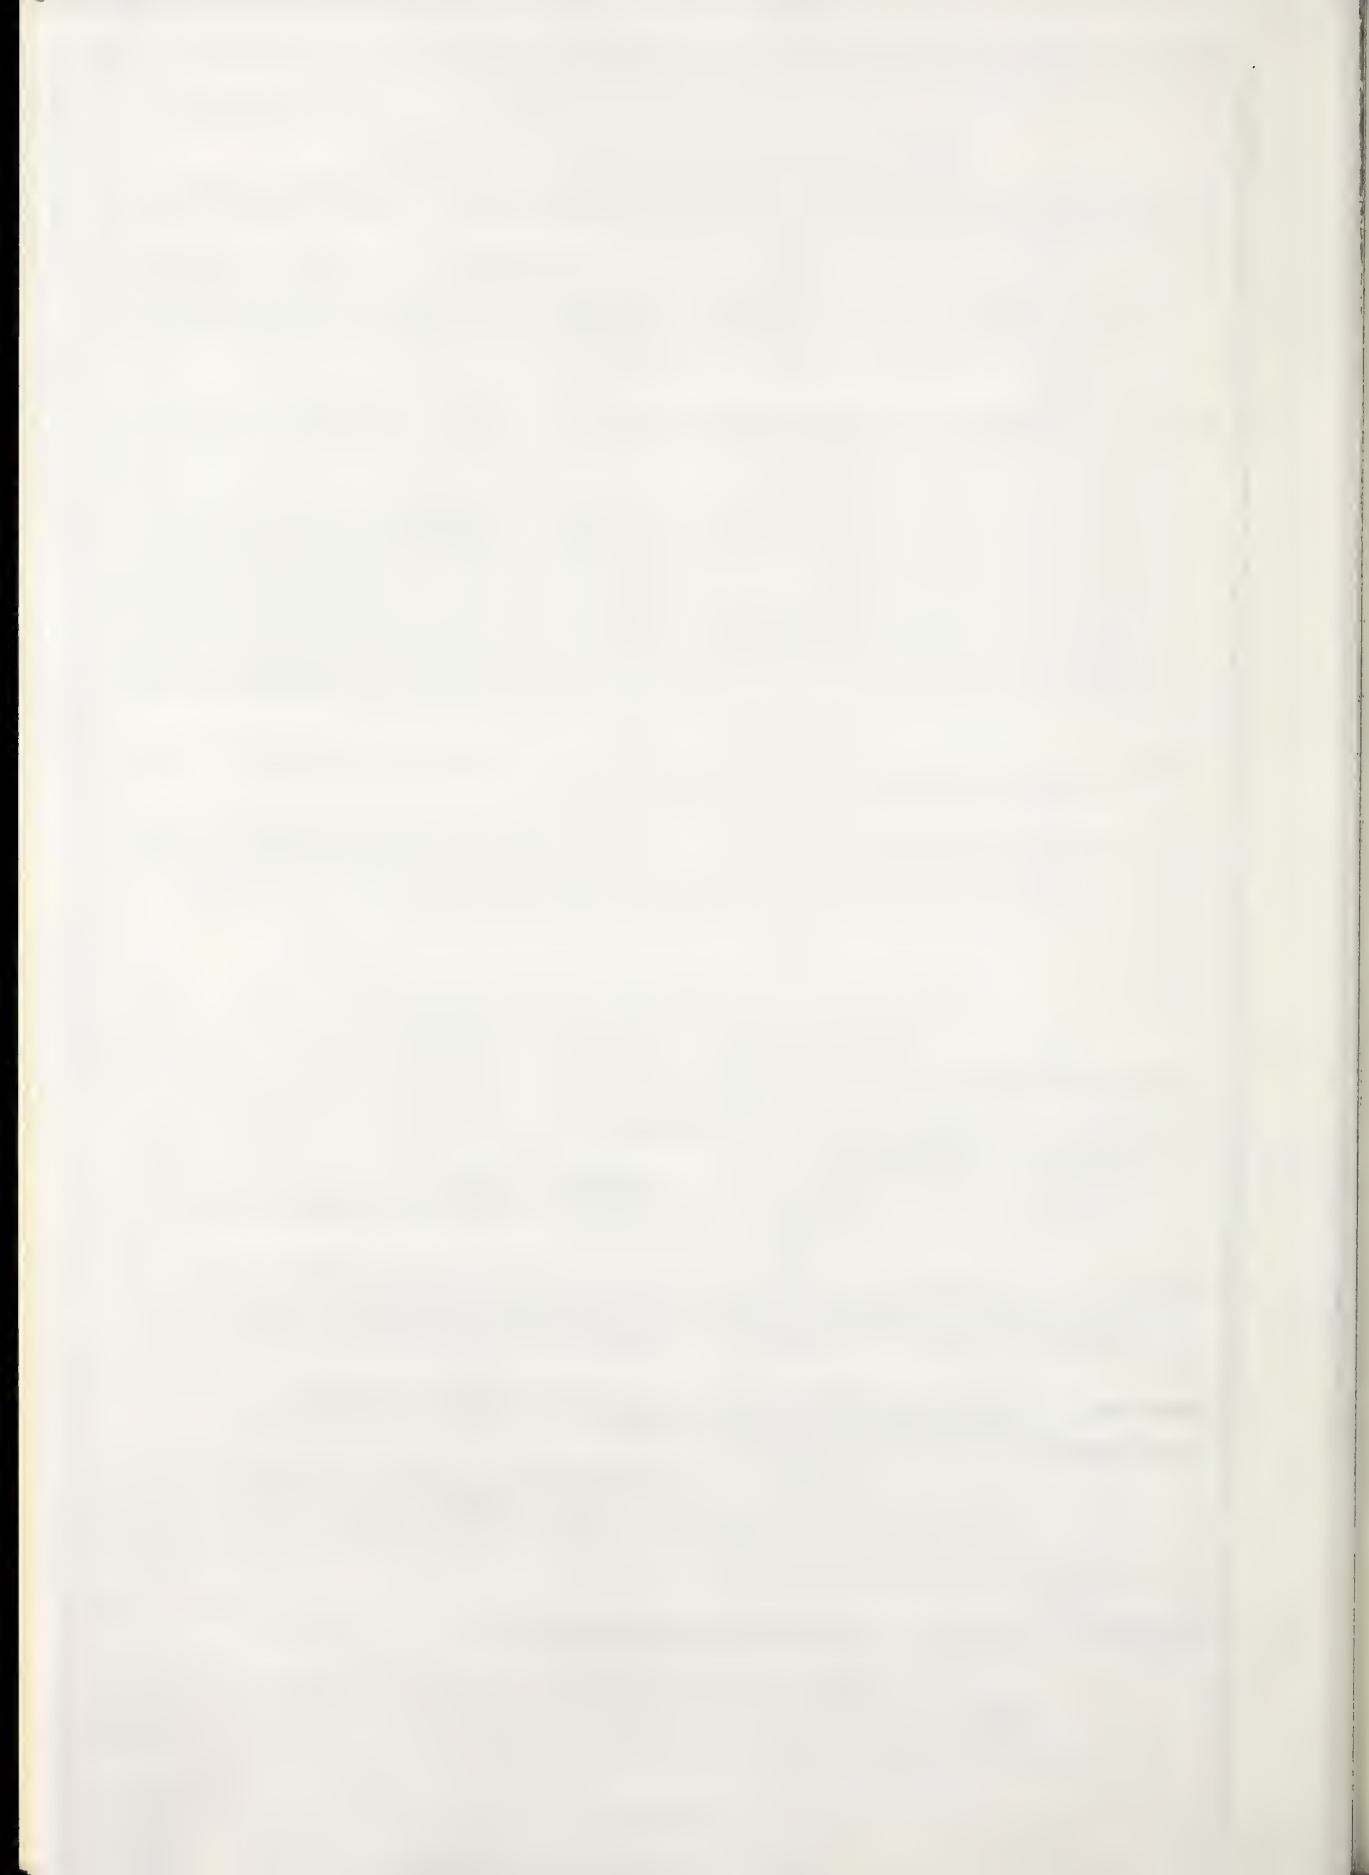

Parcels for addresses Abroad are Domestic Rates and Conditions, except that parcels must not weigh more than 7 lbs. and the rate is 12 cents a pound or fraction thereof, and parcels cannot be Registered, Insured or sent C. O. D.; the "War Tax" is required.

STEAMSHIP and STEAMBOAT LINES

IN THE

United States, Canada and Newfoundland.

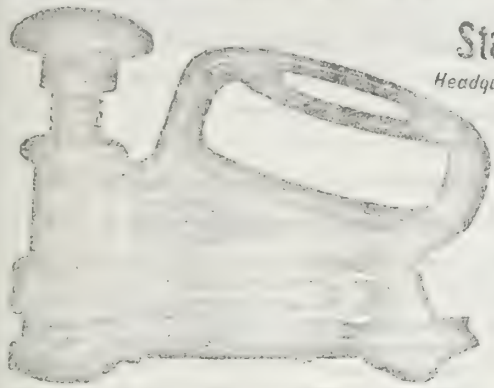

CAUTION.—The routes of Steamships and Steamboats are not fixed, as are the lines of Railroads; the boat that covers one route to-day may, within a few days, abandon the old and take up a new route. Hence there is an element of uncertainty about such a list as the following and this must be considered by a shipper. Trips vary according to the fluctuations of traffic. At certain seasons of the year the ice of the Northern waters, or low water in the "cotton" and "peanut" districts, renders navigation impossible. It is remembered what a vast territory this list covers, from the Saskatchewan in the untrodden North to the Gulf of Mexico, and embracing the total breadth of the continent, it will readily be understood that the shipper must exercise some discretion when using the list.

There is nothing in the world like this list; our friends are urged to give us the advantage of all local knowledge on the subject that they have—corrections—new lines—criticism—anything that will help us make the list more correct.

Lines in the Eastern and Middle States.

The American Railway Express Co. serves all Routes formerly operated by old Express Companies and is the delivering Express to all stations not otherwise indicated in columns 3 and 6.

2. For $\alpha \in \mathbb{R}$, let $\mathcal{H}_\alpha$ be the Hilbert space of functions f on $\mathbb{R}$ such that $f(x) = O(|x|^{-\alpha})$ as $|x| \rightarrow \infty$. Let $\mathcal{H}_\alpha^+$ be the subspace of $\mathcal{H}_\alpha$ consisting of functions f such that $f(x) = O(|x|^{-\alpha})$ as $x \rightarrow \infty$ and $f(x) = O(|x|^{-\alpha})$ as $x \rightarrow -\infty$. Let $\mathcal{H}_\alpha^-$ be the subspace of $\mathcal{H}_\alpha$ consisting of functions f such that $f(x) = O(|x|^{-\alpha})$ as $x \rightarrow \infty$ and $f(x) = O(|x|^{-\alpha})$ as $x \rightarrow -\infty$. Let $\mathcal{H}_\alpha^0$ be the subspace of $\mathcal{H}_\alpha$ consisting of functions f such that $f(x) = O(|x|^{-\alpha})$ as $x \rightarrow \infty$ and $f(x) = O(|x|^{-\alpha})$ as $x \rightarrow -\infty$. Let $\mathcal{H}_\alpha^+$ and $\mathcal{H}_\alpha^-$ be the subspaces of $\mathcal{H}_\alpha$ consisting of functions f such that $f(x) = O(|x|^{-\alpha})$ as $x \rightarrow \infty$ and $f(x) = O(|x|^{-\alpha})$ as $x \rightarrow -\infty$. Let $\mathcal{H}_\alpha^0$ be the subspace of $\mathcal{H}_\alpha$ consisting of functions f such that $f(x) = O(|x|^{-\alpha})$ as $x \rightarrow \infty$ and $f(x) = O(|x|^{-\alpha})$ as $x \rightarrow -\infty$.

†† For a copy of this report, see page 17.

Prices in Roman type are Post Office; in *Italic* type are net for 0.000.

For the first two cases, $\alpha = 0$ and $\beta = 1$, we have

$$N_{\text{obs}}(x)$$
 represent the Raw count on which the (pre- or post-) Statistical Plan, is located $1 - \alpha$. (Let $\mathcal{R}^{\text{obs}}(x)$ is $\{p_1, \dots, p_{N_{\text{obs}}(x)}\}$.)[illegible]

$$\frac{1}{4} \left(F(x) + F(y) \right) \leq F\left(\frac{x+y}{2}\right),$$

1000 approximations to π is 3.141592653589793.
